Dr. patient

Réception 08/05/2022

| Libellé | Résultats | Valeurs de référence | Unités |
|--|---|---------------------------|--------|
| | COLE080183 | | |
| | 08/05/2022 | Alias : 0005732775 | |
| BIOLOGIE MOLECULAIRE | | | |
| RT-PCR SARS-CoV-2 ThermoFisher | Negative. RNA COVID-19 not detected | | |
| | Limit of detection : 200 copies of viral RNA per mL of transport media | | |
| | Important notice The code on the SYNLAB protocol can be read with a common QR Scanner application, generally pre-installed on smartphones. If you need a recovery or test result certificate bearing the EU QR code (Health Pass or CST Covid Safe Ticket), you must go to the www.masante.be website to retrieve such certificate. You will be requested to identify yourself either through your ID card or your ITSME app. You can then print the certificate or download it to your smartphone. Alternatively, you can also download your certificates on your smartphone thanks to the CovidSafe.be application. The app is available, free of charge, on both Google Play and the App Store. The ITSME app is essential for identification within the CovidSafe.be app. | | |
| Remarque | | | |
| sample taken on 08th may at 09:20 am | | | |
| Validé électroniquement par le Docteur Cathy Feron | | | |
